S Data do not meet publication standards because of high sampling variability or poor response quality. Some unpublished estimates can be derived from this table by subtracting published data from their respective totals. However, the figures obtained by such subtraction are subject to these same limitations. These unpublished data are for internal use only.

<sup>1</sup>Revised.

<sup>1</sup>Estimates for NAICS 62191 (ambulance services), not shown separately, have not been adjusted using the results of the 1997 Economic Census.

Note: Estimates cover taxable and tax-exempt firms and are not adjusted for price changes. The introduction and appendices give information on confidentiality protection, sampling error, nonsampling error, sample design, and definitions. Links to this information on the Internet may be found at [www.census.gov/svsd/www/cv.html](http://www.census.gov/svsd/www/cv.html). Appendix A, Table A-8.7 provides estimated measures of sampling variability (coefficients of variation).

S Data do not meet publication standards because of high sampling variability or poor response quality. Some unpublished estimates can be derived from this table by subtracting published data from their respective totals. However, the figures obtained by such subtraction are subject to these same limitations. These unpublished data are for internal use only.

<sup>1</sup>Revised.

<sup>1</sup>Estimates for NAICS 62191 (ambulance services), not shown separately, have not been adjusted using the results of the 1997 Economic Census.

Note: Estimates cover taxable and tax-exempt firms and are not adjusted for price changes. The introduction and appendices give information on confidentiality protection, sampling error, nonsampling error, sample design, and definitions. Links to this information on the Internet may be found at [www.census.gov/svsd/www/cv.html](http://www.census.gov/svsd/www/cv.html). Appendix A, Table A-8.7 provides estimated measures of sampling variability (coefficients of variation).

**Table 8.15. Medical and Diagnostic Laboratories (NAICS 6215)—Estimated Revenue for Employer Firms by Source: 1998 Through 2001**

[Estimates are based on data from the 2001 Service Annual Survey and administrative data. Dollar volume estimates are published in millions of dollars, potentially resulting in a loss of additivity. Except where indicated, estimates have been adjusted using the results of the 1997 Economic Census]
